

① Align text and Graphics

② Undo and Redo

### Initial Page

Add text and graphics

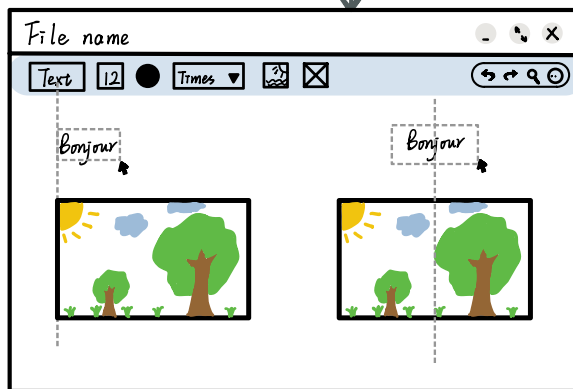

Align text and graphics

添加描述。鼠标选中文本和图片会出现虚线框  
然后利用鼠标移动虚线框，来对齐文本/图片

Use a mouse to select text area, then drag the text box. When the text is parallel to the graphics, a dotted line will appear on the page to indicate that it has been aligned

Example. 1.

Drag text to align with graphic vertically.

Left: left alignment

Right: center alignment

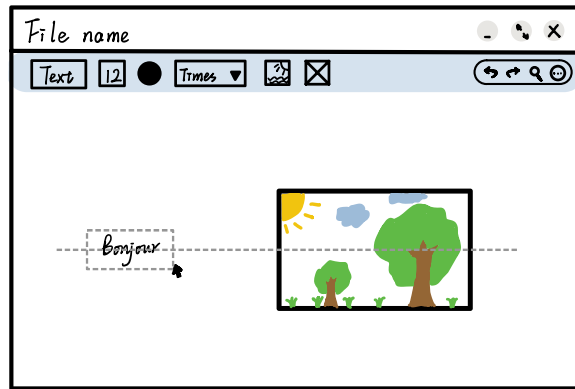

Undo

Redo

利用鼠标圈出文本，然后拖动文本框，当与图片对齐时，会出现虚线，表示对齐。右边展示与左对齐和居中对齐。

Example 2.

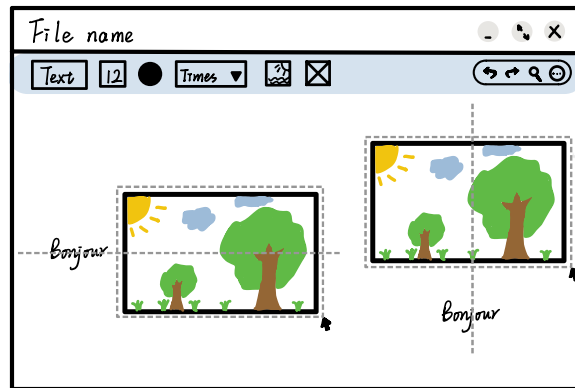

Drag text to align with graphic horizontally

上图展示了拖拽文本框使文本与图片水平对齐

Example 3

Drag the graphic to align with the text.

Left: horizontal alignment

Right: vertical alignment.

这张图片展示了拖拽图片框使图片与文本对齐

Use a mouse to select graphic area, then drag the graphic box. When the graphic is parallel to the text, a dotted line will appear on the page to indicate that it has been aligned
